SPRING SUMMER 2023

MUS & BOMBON
— BARCELONA —

- THE SUN AND ITS SENSATIONS -

The first ray of spring appears, illuminating
every corner of the house and suddenly,
it crosses your skin, you feel the warmth,
the meadows bloom, the sea has a special blue,
the sun gives them full of colour and it is right
there, where a new chapter begins, welcome summer.

- PRE SPRING -

A new chapter dawns, a blank canvas, a new opportunity
to write your story, illuminated by the first rays of
the sun that, after a long winter, begin to enter
through every corner of the room.

The sun,
the trees,
the moon,
the sea

A woman with long brown hair, wearing a white long-sleeved shirt and a wide-brimmed straw hat, is shown from the chest up. She is holding a slice of orange to her mouth with her right hand. The background is a soft-focus landscape featuring green trees and a mountain range under a pale sky.

- SPRING -

The first spring blossoms of the season bring
excitement, colour and personal blossom.

Sustainability and natural dyes help us
to create special garments in pastel shades.
Finally, special, flowing fabrics transport
us to a fresh lunch in the countryside
in the best company.

- SUMMER -

Memories of the sea and beach style lead us to a print with defined shapes, graphic cut-outs and small embroideries, conveying a refreshing and naive point that brings us closer to the depths of the sea. Conveying a refreshing and naive point that brings us closer to the depths of the sea, watercolour techniques offer soft movements and freshness. A new version of the tie-dye that reminds us of the feeling of bathing in the sea.

- HIGH SUMMER -

After enjoying the sun and sea
there is nothing better than a
bite of fresh fruit while watching
the sunset. This version is equal
parts refreshing and sweetening,
giving summer a final touch.
